Driving to school in a personal vehicle is a privilege afforded students at Sherando High School who demonstrate responsibility and proper safety. Parking permits are issued on a first come, first served basis. Tenth grade students are eligible for a parking permit after the First Semester with approval from their principal based on passing grades in all classes & not having excessive tardies to school. Ninth grade students will not be issued parking permits.

All students receiving a parking permit must observe the following regulations:

1. Students may register all family owned vehicles on one parking permit. Permits may not be transferred to vehicles owned by other students.
2. Students who need a temporary parking permit for using another vehicle may get one from the school security officer.
3. The parking permit must hang from the rearview mirror.
4. All student vehicles must be parked in the student parking lot.
5. Students must obey all driving regulations while operating a vehicle on school property.

Pedestrians and school buses always have the right of way on school grounds.

6. Students are to come directly into the building after parking their vehicle in the student parking lot. Loitering in the parking lot before and after school hours is prohibited.
7. Students are not to return to their vehicles for any reason once they enter the building. In an emergency situation a school administrator may give a student permission to return to the parking lot.
